## 1. Contract Start and Duration

The parties agree to a minimum contract period of 12 months from the ready for service date. Thereafter, the contract may be terminated by either party with 2 months' notice to the end of the billing period. This means:

- Annual billing: contract can be terminated at the end of the 12-month billing period with a notice period of 2 months.
- Quarterly billing: contract can be terminated at the end of the 3-month billing period with a notice period of 2 months.
- Monthly billing: contract can be terminated at the end of the 1-month billing period with a notice period of 2 months.

The same periods of notice apply to changes in the duration of the contract and the payment frequency (annual or monthly). Premature termination of the contract is only possible in the event of a move abroad or in the event of death. The contract can be cancelled within 5 days after confirmation of the order. In this case, a fee of CHF 150 is due. This is a permanent contract until the date of termination.
